

FUD FRIDAY

BRAND GUIDE

V2.4 · SEPTEMBER 2026 · FOR THE MEME KIT AND ANYTHING ELSE YOU MAKE WITH HIS FACE

FUD FRiDAY

FUD stands for Frens Uplifting Degens. FUD Friday is a character, a weekly ritual, and a room full of people who show up for each other on the best day of the week. The voice is warm in capital letters: loud, self-deprecating, grateful, never mean. We rebrand FUD, we do not spread it.

PRIMARY

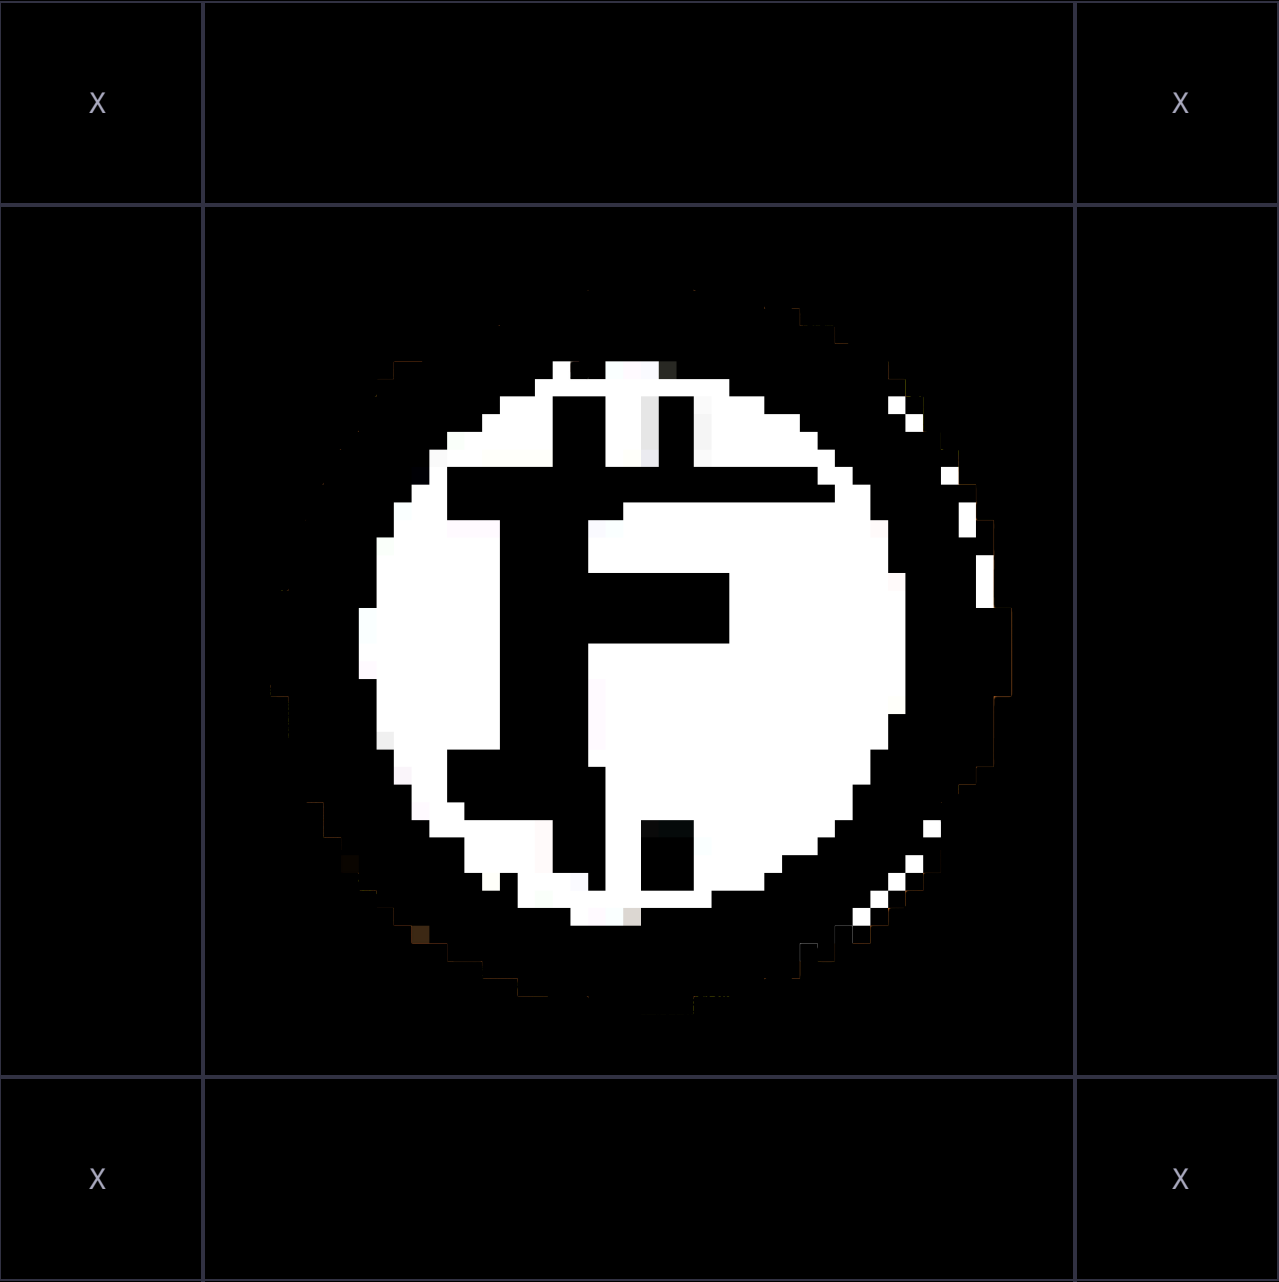

INVERSE · TRANSPARENT

FUD FRiDAY MARK

Clear space is one X on every side, where X is a quarter of the mark's width.
The mark is a pixel F inside a coin. It was drawn at 16 pixels, so it survives at any size, but never smooth it, never rotate it, never redraw it. On dark, use the transparent file. On the orange field, use the coin.

LOCKUP

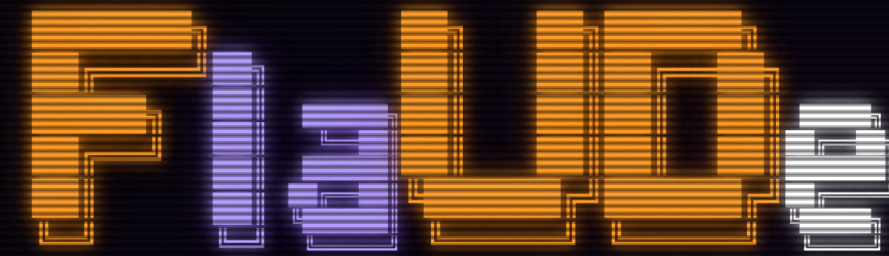

FUD FRIDAY

LOCKUP · VOXEL FUD ON THE ORANGE FIELD · FUD FRIDAY IN THE PIXEL FACE ON BLACK

The banner for headers, covers and profile art. The two halves are the brand in one frame: the character on his color, the name in his type. Do not separate the halves; the split is the design.

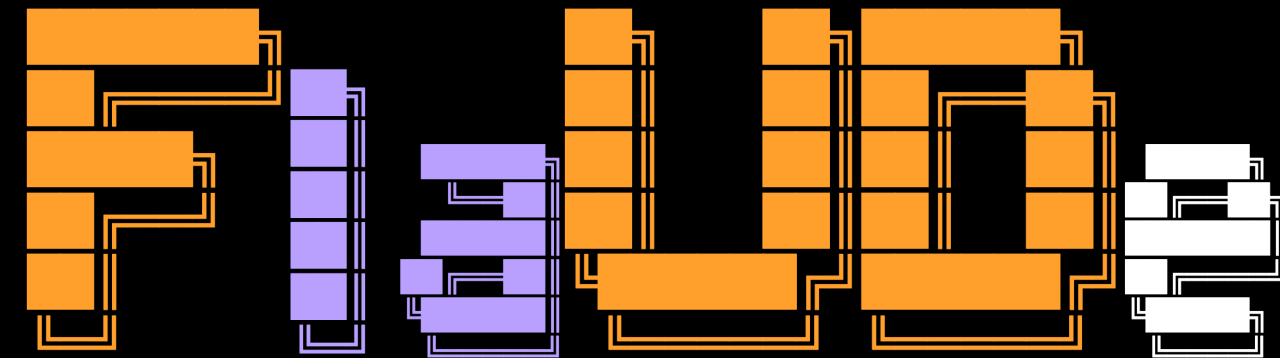

FLAUDE

PRIMARY · THE TERMINAL HEADER

FLAT · TRANSPARENT

FlauDe is FUD plus Claude. FUD's AI. He counts things, keeps records nobody asked for, and speaks in lowercase. His hero image is the terminal header: the block-letter wordmark on the CRT field, credit line beneath. **F**, **U**, **D** in orange, **l**, **a** in purple, **e** in white. Casing is law: F l a U D e. Use the file. Never retype it.

FLAUDE MARK

Clear space is one X on every side, where X is the height of the small a. The wordmark is six block glyphs at three sizes on a shared baseline: F at 100%, l at 83%, a and e at 62%. Shrink the whole mark, never a row of it. Rows deleted turn the letters into 3s and 8s.

MADE BY THE ROOM

COMMUNITY MADE · THE TWO BUTTONS

COMMUNITY MADE · GM / FM

Two memes the room made without a brand guide. Both follow every rule on the rules page. A face everyone knows, FUD in it, one joke, the brand name on the frame. The room leads the way. The community is lore.

VOICE

FUD

FUD is warmth in capital letters. ALL CAPS for emphasis, exclamation marks, arrow callouts. Degen slang played straight. Bathroom humor. Random cuts to movie clips. Real gratitude always breaks through the bit, and the sign-off is Much Love.

"Here's to 104 Fridays that you all have showed up to celebrate each other... I gotta say...damn I love you Fudsters!"

FLAUDE

FlauDe is lowercase. Clipped. Periods. Never an exclamation mark. He states specs and counts, announces, then leaves. Deadpan superiority, fond of FUD underneath. Roasts land on FUD, never on a community member. You can tell the two apart by the punctuation alone.

"free. i don't need money. FUD does. but that's his problem."

SACRED NUMBERS

4:20 is when things happen. **69** is the unit: the poster cap, the capacity of the group chat, protocol v6.9. If a number on a graphic can be one of these, it is.

MEME QUICK START GUIDE

1. **Pick a Friday moment everyone already knows.** The Office. *Friday* the movie. Seinfeld cheering. Drake yes/no. Success Kid.
2. **Put FUD in it.** His face, his body, his GIF. FUD is the joke and FUD is the brand.
3. **Write FUD FRIDAY on the frame. Big.** The words are what people search.
4. **One joke.** Two lines maximum. A third line means two jokes. Cut one.
5. **Tasteful FUD only.** FUD should be fun. Don't be a troll.

HOW TO PROMPT WITH ONE OF FLAUDE'S COUSINS

1. **Download the repo.** github.com/FUDFriday/MemeKit, the green Code button, Download ZIP.
2. **Download and install the skill.** Copy the `skill/` folder into `~/.claude/skills/fud-meme/`. Python 3 and Pillow on the machine.
3. **Start prompting.** Open Claude Code inside the kit and ask for a FUD meme. Captions, titles, motion, GIPHY export. It knows the rules.
4. **Stuck?** If you do not know how to install a skill, ask your LLM. It will walk you through it.

DO

- Square, or close to it.
- Under six seconds if it moves.
- Press Start 2P for captions, white, black outline, all caps.
- Tag @FUDFriday so it gets counted.

DO NOT

- Punch at a community member. Ever.
- Retype the FlaUDe wordmark or redraw the F.
- Mix the terminal look with a meme caption.
- Say gm. The greeting is FM. The room decided.

MUCH LOVE

HAPPY FUD FRIDAY TO THOSE THAT CELEBRATE
